

"THE JOURNAL OF EUROPEAN ECONOMIC HISTORY" is published by the BANCO DI ROMA, Roma, three times a year, in Spring, Fall and Winter.

The Journal is devoted to the study of the economic history of Europe and of the various European countries; to the study of the impact of the economic history of other continents, or countries, upon the history of Europe or of European countries, or viceversa; to biographical portraits of important figures in the economic life of different countries and times; to the analysis of the problems and themes which shed light on the economic history of Europe or of its various countries; to the theory of economic history; to European economic historiography. Contributions are invited. The Journal welcomes preliminary versions of research findings and research hypotheses in the interest of provoking constructive and fruitful discussion; and it is always glad to consider shorter notes, rejoinders, communications and items for notes and book reviews.
